

**DEMONSTRATION
IN SUPPORT OF
STRIKING
LIVERPOOL SOCIAL
WORKERS**

Social Workers in Liverpool have been on strike since August 24th. They are fighting against a ruthless employer obsessed with cutting costs by attacking agreements on conditions then hiving off services to the private sector. The Lib Dem Council has used ruthless tactics to intimidate and threaten strikers while portraying them as being mindlessly led by activists. If the strike is defeated the Council will launch further attacks. Its goal is to so damage UNISON it will be unable to defend its members as the privatisation juggernaut rolls on. Other Authorities are watching closely.
